

For local subsidiaries and local trading companies

Reference

1. If a provision of the Assurances is violated
2. The commitments to manage machine tools made in Japan

1. If a provision of the Assurances is violated

- Where the end-user violates the substance of the provision of the Assurances, the Japanese exporter may be asked from METI to stop doing business with you. This would affect your business, too, so please support your end-user not to violate the provision of the Assurances.
- If you have any questions, please consult your Japanese exporter.

2. The commitments to manage machine tools

made in Japan - 1 -

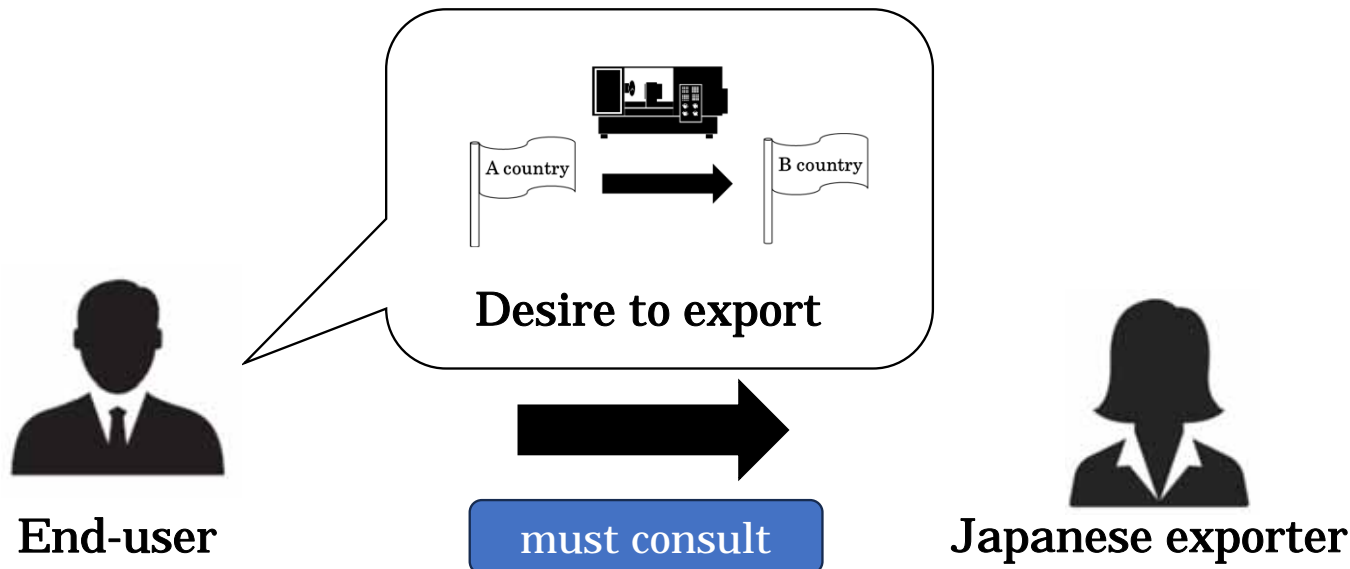

- METI Japan recognizes the end-users is possessing and using the machine tools. Please support end-users so that they comply with the commitments in the provisions of the Assurances.
- The commitments to the Assurances remain in force until the end-user uses up or scraps the machine tool.
